“Corporate Governance is an interplay between people, processes, performance and purpose. Our Values and Behaviours form the bed rock of our Corporate Governance. At RIL, we work towards building an environment of Trust, Transparency and Accountability focusing on the long-term and supporting more inclusive societies.”

This report is prepared in accordance with the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations) and the report contains the details of Corporate Governance systems and processes at Reliance Industries Limited (RIL or the Company).

At RIL, Corporate Governance is all about maintaining a valuable relationship and trust with all the stakeholders. We consider stakeholders as partners in our success and remain committed to maximising stakeholders' value, be it Customers, Local Communities, Employees, Suppliers & Distributors, Trade Unions, NGOs, Investors & Shareholders and Government & Regulatory Authorities. This approach to value creation emanates from RIL's belief

that sound governance system, based on relationship and trust, is integral to creating enduring value for all. We have a defined policy framework for ethical conduct of businesses. We believe that any business conduct can be ethical only when it rests on the six core values viz. Customer Value, Ownership Mind-set, Respect, Integrity, One Team and Excellence.

Statement on Company's Philosophy on Code of Governance

Corporate Governance encompasses a set of systems and practices to ensure that the Company's affairs are being managed in a manner which ensures accountability, transparency and fairness in all transactions in the widest sense. The objective is to meet stakeholders' aspirations and societal expectations. Good

governance practices stem from the dynamic culture and positive mindset of the organisation. We are committed to meet the aspirations of all our stakeholders. This is demonstrated in shareholder returns, high credit ratings, awards and recognitions, governance processes and an entrepreneurial performance focussed work environment. Additionally, our customers have benefited from high quality products delivered at extremely competitive prices.

The essence of Corporate Governance lies in promoting and maintaining integrity, transparency and accountability in the management's higher echelons. The demands of Corporate Governance require professionals to raise their competence and capability levels to meet the expectations in managing the enterprise and its resources effectively with the

highest standards of ethics. It has thus become crucial to foster and sustain a culture that integrates all components of good governance by carefully balancing the inter-relationship among the Board of Directors, Board Committees, Finance, Compliance & Assurance teams, Auditors and the Senior Management. Our employee satisfaction is reflected in the stability of our senior management, low attrition across various levels and substantially higher productivity. Above all, we feel honoured to be integral to India's social development. Details of several such initiatives are available in the Report on Corporate Social Responsibility.

At RIL, we believe that as we move closer towards our aspirations of being a global corporation, our Corporate Governance standards must be globally benchmarked. Therefore, we have institutionalised the right building blocks for future growth. The building blocks will ensure that we achieve our ambition in a prudent and sustainable manner. RIL not only adheres to the prescribed Corporate Governance practices as per the Listing Regulations, but is also committed to sound Corporate Governance principles and practices. It constantly strives to adopt emerging best practices being followed worldwide. It is our endeavour to achieve higher standards and provide oversight and guidance to the management in strategy implementation, risk management and fulfilment of stated goals and objectives.

Over the years, we have strengthened governance practices. These practices define the way how business is conducted and value is generated. Stakeholders' interests are taken into account, before making any business decision. RIL has the distinction of consistently rewarding its shareholders for over four eventful decades from Initial Public Offer (IPO). Since then, RIL has moved from one big idea to another and these milestones continue to fuel its relentless pursuit of ever-higher goals.

On standalone basis, we have grown by a Compounded Annual Growth Rate (CAGR) of Revenues 21.3%, Earnings Before Interest, Tax, Depreciation and Amortisation (EBITDA) before exceptional items 22.8% and Net Profit

before exceptional items 23.7%. The financial markets have endorsed our sterling performance and the market capitalisation has increased by CAGR of 31.5% during the same period. In terms of distributing wealth to our shareholders, apart from having a track record of uninterrupted dividend payout, we have also delivered consistent unmatched shareholder returns since listing. The result of our initiative is our ever widening reach and recall. Our shareholder base has grown from 52,000 after the IPO to a consolidated present base of around 30 lakh.

For decades, RIL is growing in step with India's industrial and economic development. The Company has helped transform the Indian economy with large projects and world-class execution. The quest to help elevate India's quality of life continues and is unabated. It emanates from a fundamental article of faith: 'What is good for India is good for Reliance'.

We believe, Corporate Governance is not just a destination, but a journey to constantly improve sustainable value creation. It is an upward-moving target that we collectively strive towards achieving. Our multiple initiatives towards maintaining the highest standards of governance are detailed in this Report.
